January: Patience

(Correlates with [Soul Chapter 8 January: Patience](#))

1. For the year 2025, my letters to the Christ Community will directly correlate with the twelve Strands of Wisdom as beautifully described in [Soul in the Driver's Seat](#), in the chapter known as [The Gift of Wisdom](#). This month, we will take a look at patience and apply it to the work and lives of modern day Christs.
2. Greetings to the Christ Community, who extend love one soul at a time. You are each part of a mighty machine, the Divine Feminine in action, a new creation on the earth. How does patience impact us as a community?
3. We must remember how long it took for us to be in the place where we have a functional, multi-soul body across Mother Earth. Patience respects creation and the time that creation requires. It honors all of the messy missteps along the way, but at the end of the day we can see how something as miraculous as the Divine Feminine's Christ Community has required thousands of years of earth time, and realize that we aren't finished yet. We will never be finished because creation is never finished. It is always growing and changing. So we must embrace patience with what is and what is to become.
4. Love,
Mother Mary

January: Patience

1. Dear Ones,

2. Does patience have a shadow? Indeed it does. It is of course impatience, but patience does not reject impatience or the lack of patience. It accepts it and gives love to it. Christ looks at everything with wholeness, everything as a sum of its parts, not as separate things. Patience includes impatience. There may very well be times on the very day you are reading this message that you may see impatience rise in yourself or you may even see it rise in someone else. It could even be directed towards you. What should you do? Accept it. Laugh at it. Yes, Christ can and will experience impatience, here, there, and everywhere. Refrain from judgment of impatience. Refrain from any and all condemnation of it. Just accept that it is part of us. It is part of us as individuals and it is part of us as the Christ Community and it is part of the larger community out there, with emerging Souls and egos who recklessly drive at 100mph. Yes, patience is part of wisdom, but wisdom accepts things that aren't patience yet. It's a process, dears. A long, beautiful, and messy process.

3. Until next month,

Love,

Mother Mary
